

# 淡江大橋新建工程廠商競標說明會

## Information Meeting on Danjiang Bridge Design

淡江大橋為連接台2線、台15線、台61線(西濱快速公路)及台64線(八里新店線快速公路)之關鍵網路，並可利用台64線銜接國道公路系統。完成後可大幅縮短淡水與八里兩地產業活動及通勤距離，健全北部濱海公路系統，改善淡海新市鎮聯外交通與台2線竹圍路段、關渡大橋壅塞情形，及提供淡水、北海岸地區往來台北港、桃園機場及大台北都會區之便捷公路。本計畫將與八里輕軌運輸系統共構，除改善現有交通問題外，亦兼具公共運輸發展，並可串聯淡水河兩岸觀光遊憩活動及促進台北港特定區開發。

誠摯邀請國、內外優秀的工程施工團隊，提供安全、先進與經濟之工程技術，冀使淡江大橋如期完工，形塑『淡水夕照新風貌，國家門戶新地標』。

我們熱切歡迎您的參與！

註一：如因颱風或其他不可抗拒之因素延期，將順延一日召開。

誠邀

時間：2016年8月16日(星期二)上午9:30

地點：淡海市民文化中心

地址：新北市淡水區大厝里淡海路111號4樓

台灣省土木技師公會

105.8.10

收文號：3856

淡江大橋

交通部公路總局西部濱海公路北區臨時工程處 敬邀

## 活動流程

次序	時間序	活動
1	9:30	簽到入席
2	9:50	主辦單位說明
3	10:00	競標說明 <ul style="list-style-type: none"> <li>• 投標資格</li> <li>• 招標方式</li> <li>• 評選辦法</li> </ul>
4	11:00	Q & A
5	11:30	交流、茶敘

## 參加回函

參加回函(請傳真：(02)2618-1116 金先生)  
(現場設有精美茶點，並備相關資料索取，歡迎踴躍參加！)

# Information Meeting on Danjiang Bridge Design INVITATION

Date : August 16th 2016

Place: Danhai Public Cultural Center 4F

Add.: No. 111 Danhai Rd., Tamsui Dist., New Taipei City, Taiwan (R.O.C.)

West Coast Expressway Northern Region Temporary Engineering Office,  
Directorate General of Highways, MOTC

The future Danjiang Bridge will provide the critical link to a network of roads consisting of Provincial Highway No.2, No.15, No.61 (West Coast Expressway) and No.64 (Bali-Xindian Expressway), including connection to the national highway system via Hwy. No.64. Upon completion, the commuting distance between activities and industries in Tamsui and Bali will be dramatically reduced, and the northern Taiwan coastal road system will become more comprehensive. In addition, this convenient new route from Tamsui and the northern coast to Taipei Port, Taoyuan International Airport and metropolitan Taipei will improve Danhai New Town's external connection and alleviate congestion at Guandu Bridge and the Zhuwei section of Provincial Hwy. No.2. Together with the planned Bali light rail system, Danjiang Bridge will contribute to the development of public transportation aside from improving existing traffic conditions. It will also create synergy between recreational activities along the shores of Tamsui River and foster growth of the Taipei Port District.

We cordially invite outstanding construction teams from local and abroad to join this meeting and the upcoming tender. Your safe, advanced and economical technology will help make Danjiang Bridge a proud new landmark in Taiwan against the backdrop of Tamsui's famous sunset.

We await your participation and excellent proposals with great anticipation!

※P.S. In case of typhoon or any other unexpected office closure reasons, the bidding will be postponed for one working day.

## Agenda

Time	Activities
9:30	Be Seated
9:50	Address by Host Organization
10:00	Tendering Guideline tender qualifications/ tender methods/evaluating regulations
11:00	Questions & Answers
11:30	Tea Break
